I.2Q FY2024 Consolidated Financial Highlights

Net sales reached a new record for the first half and earnings were far above the plan.

Record high

Net sales: ¥10,996 million (+10.7% YoY , +1.5% vs. plan)

The number of weddings and receptions remained high, and the average sales per wedding was ¥3,976 thousand, which exceeded the plan.

Operating profit: ¥960 million (+246.2% YoY , +68.5% vs. plan)

Earnings increased because of sales growth, lower than planned personnel, maintenance, utility and other expenses, and a big increase in photography business sales.

Profit attributable to owners of parent: ¥625 million (455.1% YoY, 105.1%vs. plan)

Order backlog (at the end of April 2024): 4,830 weddings (-8.4% YoY)

Despite a decrease due to an increase in the number of weddings, order backlog remained high.

[Reference]

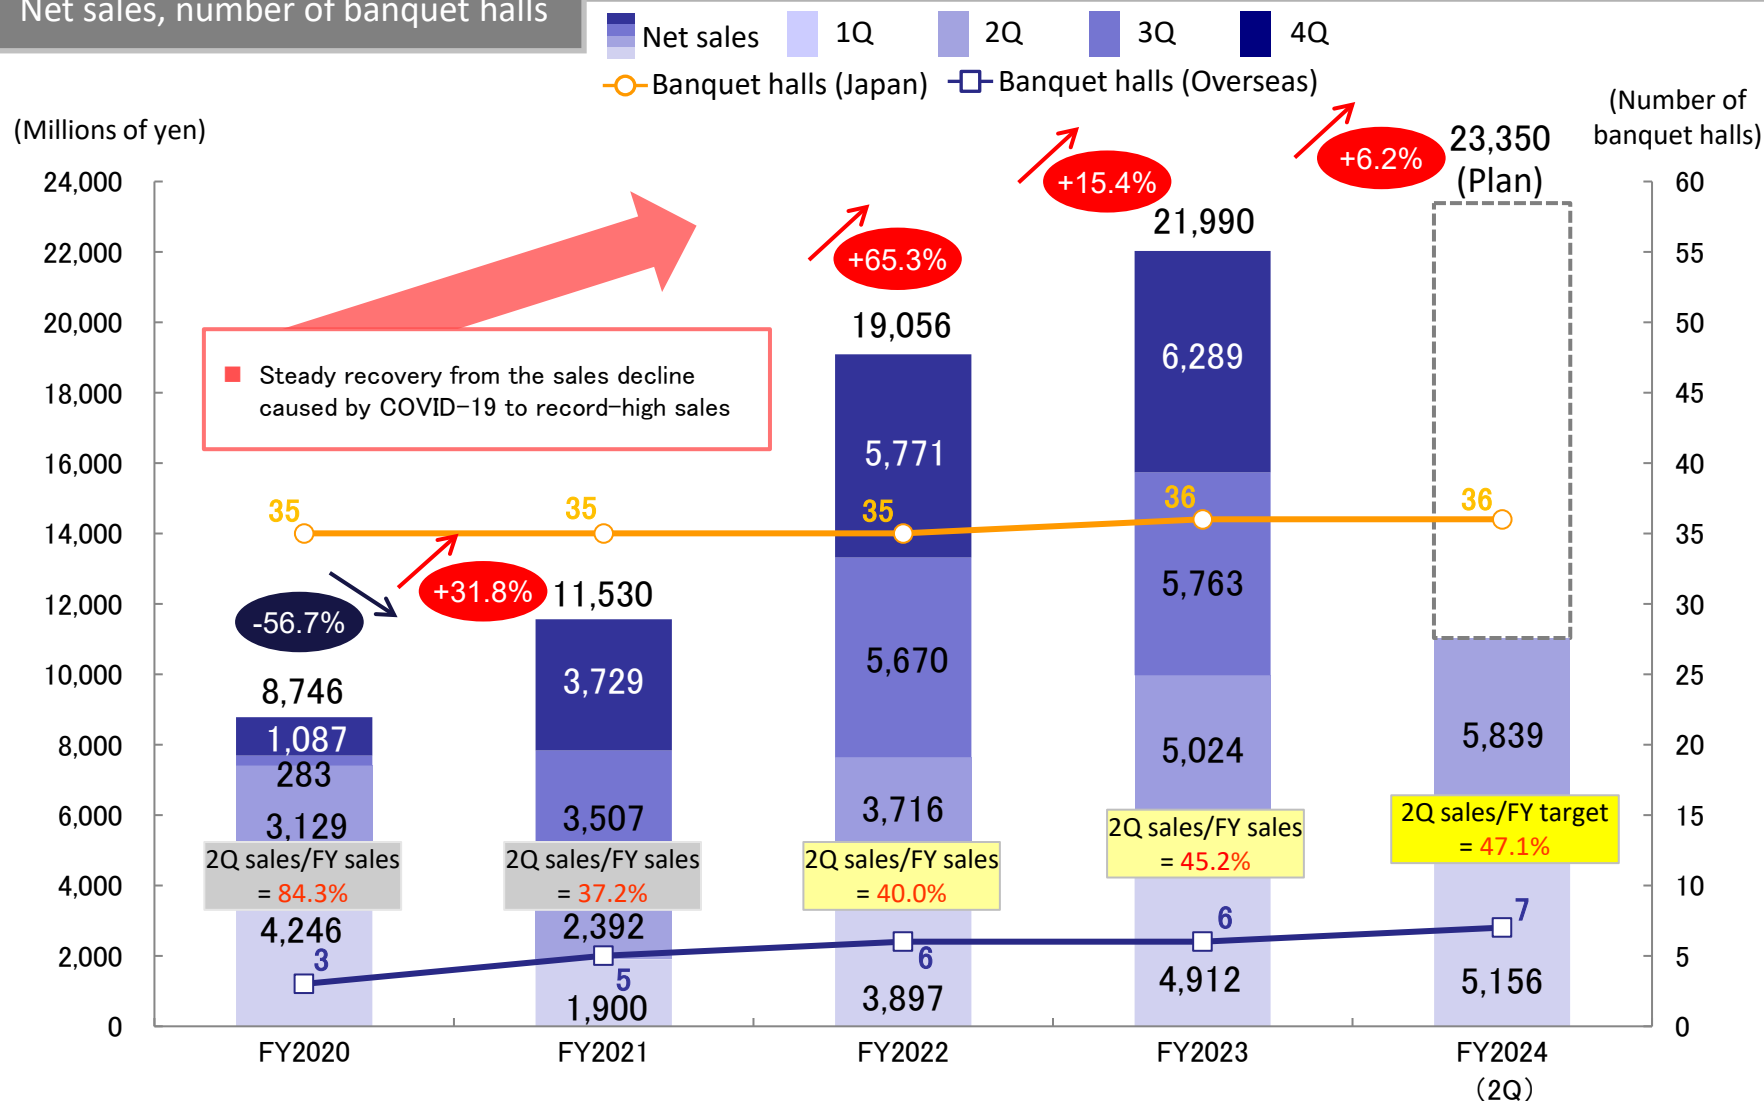

The order backlog at the end of April 2024 had 13.1% more couples than the backlog of 4,271 weddings* at the end of April 2019, which is the most recent first quarter prior to the start of the pandemic. This is a return to growth in comparison with pre-pandemic figures.

*The backlog as of the end of April 2019 does not include the Tokyo Branch, Mito Branch and four overseas locations, which were not yet accepting orders.

COSMOS AWARDS Pre Wedding Bride Alone 1st Place

Title: Hinomaru

Comments from award winner: This photo, which strictly adheres to the basics of composition, combines horizontal and vertical lines and clearly shows the pattern of the shiromuku, a traditional white kimono, with a red umbrella against a plain white background. The proportions are intentionally similar to those of the Japanese flag. I will do my best to continue to bring good news.
